**THE WORLD'S
FINEST DEVELOPMENTS BY
INDIA'S NO. 1
REAL ESTATE DEVELOPER*
- LODHA.**

From India's most iconic addresses to London's most coveted residences. From offices for the cream of the corporate world, to the homes of society's elite. From adding glittering icons to Mumbai's skyline to conceiving India's smartest and most livable city." One name has been transforming the way we live with landmarks on par with the world's best — Lodha.

Our passion is to create landmarks that are benchmarked against the highest global standards, epitomise the values of our family, and are built on a legacy of trust spanning 4 decades. In keeping with our belief that 'Every Indian deserves a high-quality home,' and our vision to build a better India, every one of our developments delivers the highest level of design and craftsmanship, uncompromising quality, and unparalleled service — putting Lodha developments in the same league as the world's finest.

Today, Lodha is India's No. 1 real estate developer.* The company has clocked sales of over ₹50,000 crore in last 7 years. We have delivered an area of 8 crore sq. ft.** and have 40 ongoing projects and 23 planned projects. ~ Our team of 3,000 associates works relentlessly to create developments of exceptional quality, and is committed to delivering the world's finest homes, offices, and retail spaces.

Our vision of 'Building a Better Life' extends across geographies, markets, price points and consumer segments. By forging the finest global partnerships, deploying the best people and processes, being nimble in delivering our customers' needs, and benchmarking against the highest global standards, Lodha has been able to create some of the world's finest developments — with self-contained eco-systems, great outdoor spaces, and robust infrastructure, offering every facility and convenience at one's doorstep.

Our ability to deliver scale, our innovative design, superior execution, differentiated branding and marketing, coupled with our efficient and enthusiastic on-ground sales staff, all come together to create the best value for our customers across residential, retail and office spaces — winning their trust and appreciation, time after time.

More importantly, we have the scale, capability, and resolve to create a lasting and positive impact on our planet, and our society. We are committed to being a net zero carbon emission company by 2035. Through the Lodha Foundation, we actively contribute to our communities and nation building. With our commitment to act in the larger interest of the environment and society, we are 'building a better life' in more ways than one.

**NET POSITIVE.
BECAUSE TOMORROW
SHOULD BE
BETTER THAN TODAY.**

Buildings and infrastructure can leave an imprint on the planet that can last for decades – much longer than cars or electronic devices. This is why, building smartly and sustainably is the key to ensuring a better world for us and future generations. As India's No.1 real estate developer, we have taken the lead to ensure that our impact on our environment and society is net positive.

ADVANCED TECHNOLOGIES

At Lodha, we deliver the world's finest developments by working with the best and brightest across the globe and implementing cutting-edge technology. We follow the renowned Total Quality Management (TQM) system, and use 3D computer generated models (BIM) which allows a smarter and faster design process, and intricate planning and visualisation. We use AI to glean new findings from our data, and use aluminium formwork technology to make our structures highly durable and resistant to seismic activities. We also use pre-fab units like doors and windows to reduce manual intervention and improve quality. Everything, from conception to construction, is supported by a series of intelligent and innovative processes.

NET ZERO CARBON BY 2035

Lodha is committed to reducing its scope 1 and 2 carbon emissions significantly, and intends to be a net zero carbon emissions company by 2035. We are also committed to 100% waste water recycling across our developments, relying more on green power, and increasing the tree cover of every site we acquire. We are working closely with global experts, including the Rocky Mountain Institute (Colorado, USA) to achieve these goals and set a global benchmark for sustainable development.

SOCIAL HOUSING

We are building hundreds of homes, which will be given to families in need at a nominal cost. The desire for home ownership is universal and by offering good quality housing to the weakest economic strata, we aim to create a more equal society.

HIGHEST STANDARDS OF HEALTH AND SAFETY

The world's finest developments are built by individuals who stop at nothing to ensure that every detail is perfect. To us, our highest priority is our customers' health and well-being. Our efforts to surpass standards have resulted in Lodha being recognised for best-in-industry practices by bodies like BSI for Occupational Health & Safety Management System (OSHAS).

The joyous
LODHA LIFE

DESIGNED TO ORCHESTRATE A SEAMLESS LIFE.

Our passion is to understand where design meets well-being, and to deliver the highest level of features, amenities, and open green spaces, to ensure your holistic happiness and productivity.
